Dear Chairman Corker and Ranking Member Cardin:

The more than 1.2 million members of the National Association of REALTORS® support the nomination of Mark Green to serve as the Administrator of the U.S. Agency for International Development (USAID).

The USAID plays an instrumental role in promoting development and securing private property rights around the world. The Agency's efforts help create an environment that allows for the safe and equal transfer of property, as well as expanding opportunities for global development. NAR is an ardent supporter of private property rights and a secure global economy. Ambassador Green has a long history of expertise in these issues and much experience in the international development community.

NAR urges your support for his nomination and looks forward to working with him at USAID.

Sincerely,

William E. Brown  
2017 President, National Association of REALTORS®
