Dear Senators Wicker and Peters:

On behalf of 1.4 million members of the National Association of REALTORS®, thank you for introducing S. 4462, the Flood Level Observation, Operations, and Decision Support or “FLOODS” Act.

S. 4462 would authorize the Atlas 14 program to regularly update the rainfall estimates used to support more accurate floodplain mapping and management. The bill would also modernize NOAA forecasting and provide more timely, actionable information that could help avoid flood, tornado, and hurricane losses to both property and life.

REALTORS® support the provisions of the bill and we look forward to working with you as the bill moves through the legislative process.

Sincerely,

Vince Malta
2020 President, National Association of REALTORS®
