

# Congress: Address the Unfinished Business for Homeowners

- **Strengthen the FHA Mortgage Insurance Program**
- **Make Permanent the Current Higher Mortgage Loan Limits for FHA and GSEs**
- **Reauthorize the National Flood Insurance Program Set to Expire September 30, 2010**

It is critical to our local communities and the U.S. economy that Congress continues to strengthen the housing market. That's why **Congress needs to take action now** to bolster the FHA insurance program, make permanent the higher loan limits for FHA and GSEs, and reauthorize the flood insurance program set to expire on September 30th.
