

Senators: Don't Leave Small Businesses Hanging.

Small businesses and the self-employed are the engine of our economy, and they need affordable healthcare now. It's time for the Senate to act.

The over 1.2 million members of the National Association of REALTORS®—*most of whom are self-employed*—urge the Senate to pass S. 1955, small business health plan legislation. Millions of hard working American families are hanging on, waiting for the affordable health insurance coverage they deserve.
