

# It's Time the Senate Gives Small Businesses the Affordable Healthcare They Deserve

## Right Here. Right Now.

They're shopkeepers, mechanics, farmers—America's small businesses and the self-employed. They've been saying it loud and clear: they need affordable health plans. Last year, the House was listening and passed needed legislation. Now, it's time for the Senate to do the same.

The over 1.2 million members of the National Association of REALTORS® urge the **Senate to pass Small Business Health Plans legislation**. *Not later. Not down the road. Right now.* Millions of hard working American families would finally be eligible for the affordable healthcare they deserve.
