

Real Estate:

A Key To Economic Recovery

This week, thousands of REALTORS® will be on Capitol Hill representing the over one million members of the National Association of REALTORS® who support legislation that strengthens real estate markets and our economy.

The message is clear and simple: extend expired tax provisions that ensure stability to a still fragile real estate market.

- 1) Tax relief from mortgage debt forgiveness**
- 2) 15 year recovery period for improvements made for leaseholders**
- 3) Deduction for energy-efficient commercial buildings**

These simple steps, along with a continuing commitment to maintain the **home mortgage interest deduction**, will send a strong signal that Congress stands on the side of homeowners and businesses across America.
