

Congress: You hold the key to continued economic growth...

This week, thousands of REALTORS® will be on Capitol Hill representing the over one million members of the National Association of REALTORS® who support legislation that strengthens real estate markets and our economy.

The keys to economic growth are policies that encourage investment and homeownership, and that keep our communities strong.

- Continuing access to the 30 year fixed rate mortgage
- Protecting the mortgage interest deduction
- Maintaining pro-growth tax policies for commercial real estate

The REALTORS® who will be visiting your office this week stand ready to work with the 114th Congress to keep our economy moving in the right direction.
