

Call for Action: Preserve Access to Safe and Affordable Mortgages

Unless Congress acts, thousands of American families will lose access to safe and affordable mortgages backed by the Rural Housing Service Section (RHS) 502 Program. Strong communities, large and small have always been the key to a strong America. Whether you live in an urban area, suburban, exurban community or a small farming town as a REALTOR® we need you to remind Congress to keep the door to homeownership open in all housing markets. Take action today.
